QMIS ERP — Tester Journey Flow Guide

Document date: 20 October 2026

Audience: Manual UAT testers

Journey covered: User creation policy → Academics → Finance → Transport Manager → Parent/Student Track Bus

Stack: Postgres `@5433` · API `http://127.0.0.1:8000` · App `http://localhost:5173`

Pass rule: After every create / edit / approve — **hard refresh (F5)** — then open the *next* role and confirm the same record.

How to use this guide

1. Start backend (`cd backend && ./run-local.sh`) and frontend (`npm run dev`).

2. Follow sections **in order** (1 → 2 → 3 → 4). Later roles need data from earlier steps.

3. For each step mark: **Pass / Fail / Blocked** + screenshot or ID (e.g. `RT-1007`, `FE-1003`, receipt no.).

4. Prefer **HR onboarding** for staff logins in “real campus” testing. Admin User Creation is allowed for **speed / smoke** of operational roles (see §1).

5. Roles such as Canteen, Driver portal, Gate, Library, Stores, and Audit are **out of scope** for this document (listed briefly at the end).

Seed logins (development)

Role	Email	Password
Administrator	`admin@qmis.edu`	`admin123`
Super Admin	`superadmin@qmis.edu`	`superadmin123`
HR	`hr@qmis.edu`	`hr12345`
Account Head	`accounthead@qmis.edu`	`accounts123`
PRM	`prm@qmis.edu`	`prm12345`
Principal	`principal@qmis.edu`	`principal123`
Director	`director@qmis.edu`	`director123`
Coordinator	`coordinator@qmis.edu`	`coord123`
Teacher	`teacher@qmis.edu`	`teacher123`
Parent / Student	From Enroll	Set at Enroll
TM / Driver / Canteen / …	Create via **HR** (preferred) or **Admin User Creation** (smoke)	Temp / set at create

1. User creation & onboarding (test first)

1.1 Who may create what

Actor	Where	Can create	Cannot create
Super Admin	User Creation	Admin-creatable staff roles **+ Administrator**	Follow product policy for other privileged roles
Administrator	**RBAC** → **User Creation**	Operational / academic logins listed below	**Admin, Super Admin, HR, Account Head, Student, Parent, Joint Directors, Auditors**
HR	Employees · Job → Candidate → **Offer Accepted** · Reset password	Staff login for hired employees (including **Driver**, TM, Teacher, etc.)	Not for Parent/Student (use PRM Enroll)
Transport Manager	Driver Management	**View / export only**	No Add Driver / no login create
Joint Director	Drivers List	**View only**	No create login

Actor	Where	Can create	Cannot create
PRM	Admission Enroll	**Student + Parent** logins	Staff roles

Admin User Creation — creatable roles:

- Principal, PRM, Teacher, Coordinator, Librarian
- Gate Keeper Manager, Gate Keeper
- Transport Manager, Driver
- Canteen Manager, IT Support Manager, Stationery Store Manager, Housekeeping Manager

1.2 Testing policy

Mode	Policy
Preferred (production-like)	**All staff onboarding from HR** (Job → Candidate → Offer **Accepted** → temp password → first-login change). Parent/Student from **PRM Enroll**.
Allowed for tester speed	**Admin / Super Admin** may create the operational roles above so panels can be opened quickly. Record the login in your sheet.
Never assume	TM / JD / Driver screens create ERP logins. They do not.

1.3 Checklist

ID	Steps	Expected	Pass?
U1	Admin → RBAC → User Creation → create **Transport Manager**	Login works; `/transport-■manager/■dashboard`	
U2	Admin → create **Driver**	Login works; Driver portal	
U3	Admin → try create **HR** or **Account Head**	**Blocked / not in creatable list**	
U4	HR → Offer **Accepted** (Teacher or Driver)	Toast shows **temp password**; forced password change on first login	
U5	HR → Employee Profile → Reset password	New temp password works	
U6	PRM → Enroll student with parent credentials	Parent + student login work	
U7	TM → Driver Management	List/view only; **no Add Driver**	

2. Academic journey

Story map

```
Admin class masters
 ■
 ■■■ PRM enquiry → Enroll → Student + Parent logins
 ■
 ■■■ HR hire Teacher → Principal Allocation + Timetable
 ■ ■
 ■ ■■■ Teacher: Attendance / Lesson Plan / Marks
 ■ ■
 ■ ■■■ Coordinator / Director approvals
 ■ ■■■ Parent / Student see attendance, results, timetable
 ■
 ■■■ Leave / Tasks / Escalations / Announcements (cross-role)
```

Steps

A1 · Admin · Class Details / masters

Do: Ensure class + section

Expect: PRM enroll, Principal TT

A2 · PRM · Admission Enquiry

Do: Add enquiry

Expect: Convert

A3 · PRM · Admission / Enroll

Do: Enroll + parent email/password

Expect: Parent portal, Finance students

A4 · HR · Offer Accepted (Teacher) *or* seed Teacher

Do: Staff login

Expect: Principal allocation

A5 · Principal · Teacher Allocation + Timetable

Do: Assign class/subject/periods

Expect: Teacher + Parent timetable

A6 · Teacher · Class Attendance

Do: Mark attendance

Expect: Parent Attendance

A7 · Teacher · Lesson Plan / Marks

Do: Submit LP / enter marks

Expect: Coordinator/Director; Parent Results

A8 · Coordinator · LP Approval / monitors

Do: Approve / monitor

Expect: Teacher unblocked

A9 · Director · Approvals inbox

Do: Decide pending items

Expect: Teacher / exams

A10 · Parent / Student · Attendance, Results, Timetable

Do: View

Expect: Matches Teacher/Principal data

A11 · Any staff · Leave / Tasks / Escalation / Announcement

Do: Smoke create

Expect: Receiver inbox

Pass criteria

- Same student ID / admission number on PRM, Teacher class list, Parent child switcher, Finance.
- Attendance / marks by Teacher appear for Parent after refresh.

3. Finance journey

Story map

```
Account Head fee structures / bootstrap
 ■
 ■■■ Fee Collection (academic)
 ■ ■■■ Parent / Student Academic Payment
 ■
 ■■■ Transport Fee (+ Class = All + route amount)
 ■
 ■■■ TM enrolls student on route
 ■■■ Finance transport installment
 ■■■ Parent / Student → Transport Payment
```

Steps

F1 · Account Head · Fee Management / Settings

Do: Bootstrap if empty; ensure **Transport Fee**

Expect: Category visible

F2 · Account Head · Fee Management

Do: Transport Fee + **Class = All** + **route** + amount

Expect: Route tariff stored

F3 · Account Head · Fee Collection

Do: Collect academic installment

Expect: Receipt; Parent Academic Payment updates

F4 · Transport Manager · Student Transport

Do: Enroll student on route/stop

Expect: Finance transport installment appears

F5 · Account Head · Fee Collection

Do: See transport installment

Expect: Scope = transport

F6 · Parent / Student · Transport Payment

Do: View / pay transport dues

Expect: Transport fees **not** under Academic Payment

F7 · Parent / Student · Academic Payment

Do: Academic only

Expect: No transport lines mixed in

F8 · Account Head · Dashboard

Do: Live KPIs + Recent Collections

Expect: No fake collection rows in API mode

F9 · Account Head · Dashboard → Recent Expenses

Do: Live outflows / maintenance / transport ops

Expect: Not Metro Supplies / Swift Logistics seed

F10 · Account Head · Transport Finance

Do: Maintenance / fleet

Expect: Matches Principal-approved / TM costs

4. Transport Manager journey

Modules (live campus ops)

Module	What to verify
Driver Management	List/view only — **no create login**
Vehicle Management	Add vehicle; appears on Route / Expense dropdowns
Route Management	Fees **only at route level**; stops = location + times only
Student Transport	Enroll → Parent Track Bus + Finance transport fee
Service Centers	CRUD → dropdowns in Maintenance / Service Expense
Vehicle Maintenance → Request Approvals	TM approve → Principal queue
Principal Transport Approvals	Final approve → expenses + Finance
Transport Expenses	Fuel / Service / Other persist after F5; budget Actual updates
Parent / Student Track Bus	Live assignment + GPS (fleet fallback if parent ProTrack fails)

Approval chain

```
TM Maintenance / fuel claim
 → TM Request Approvals (Approve)
 → Principal Transport Approvals (Approve)
 → transport-expenses + Finance
 → Account Head Dashboard / Transport Finance
```

Steps

T1 · TM · Service Centers

Do: Add center

Expect: In Maintenance + Service Expense dropdowns

T2 · TM · Vehicle Management

Do: Add vehicle

Expect: On Route / Expense dropdowns

T3 · TM · Route Management

Do: Add route + yearly fee; stops without fee fields

Expect: Route saved

T4 · TM · Student Transport

Do: Enroll academic student

Expect: Parent Track Bus + Finance transport fee

T5 · TM · Vehicle Maintenance

Do: Create approval request

Expect: On TM Request Approvals

T6 · TM · Request Approvals

Do: Approve

Expect: On Principal Transport Approvals

T7 · Principal · Transport Approvals

Do: Approve

Expect: Expense + Finance updated

T8 · TM · Transport Expenses

Do: Add Fuel / Service / Other

Expect: Persists after F5

T9 · Account Head · Recent Expenses

Do: Refresh

Expect: Live / empty — not stationery seed

T10 · Parent · Track Bus

Do: Open enrolled child

Expect: Live route card + GPS

T11 · Student · Track Bus / Bus Route Details

Do: Same assignment

Expect: Matches TM enrollment

Known limits

- TM **cannot** hire drivers or create Driver ERP accounts.
- Budget Previous/Current stay ■**0** until approved `transport-budget-requests` exist (correct behaviour).
- ProTrack parent login may fall back to school fleet GPS.

5. Out of scope for this tester pack

Do **not** mark these as passed from this journey alone. They belong to the next leftover-ops pack:

- Driver portal (duties, bus attendance, vehicle docs)
- Canteen, IT Support, Stationery, Housekeeping managers
- Librarian; Gate Keeper / Gate Keeper Manager
- Joint Director / Assistant / Audit chain

Sign-off

Stream	Status	Tester	Date
§1 User creation	■ Pass ■ Fail		
§2 Academic	■ Pass ■ Fail		
§3 Finance	■ Pass ■ Fail		
§4 Transport Manager	■ Pass ■ Fail		
§4 Parent/Student Track Bus	■ Pass ■ Fail		

Defects

End of Tester Journey Flow Guide — 20 Oct 2026.
